## MILKIT PRODUCTS MAKE YOUR TUBELESS LIFE EASIER

Our innovative solutions redefine tubeless tire installation and sealant handling

### milKit VALVE SYSTEM

### milKit BOOSTER

### milKit TUBELESS SEALANT

### milKit TUBELESS CONVERSION KIT

### milKit TUBELESS RIM TAPE

Engineered in Switzerland and made in Germany

# A LIGHTWEIGHT, SPACE SAVING TUBELESS INFLATOR WITH AWARD WINNING TECHNOLOGY.

More efficient inflation, and it even doubles as your water bottle to be taken on rides.

EUROBIKE

WINNER

AWARD 2019

## EASY TO USE

Simple, quick & lightweight

## EFFICIENT

No additional hoses & inflates in seconds

## MULTI-FUNCTIONING

Your water bottle and portable tubeless inflator

- Compatible with all Presta tubeless valves, use milKit valves for the best results
- Space-saving: replaces large air compressors
- Eco-friendly: replaces single use CO2 cartridges
- Economical: no more CO2 cartridges or investing in a costly compressor
- Efficient: no additional hoses means the full air pressure goes straight to your valve
- Lightweight Booster head (21gr/0.74 oz) with a drawstring bag to take it on rides
- Drinking bottle cap included

## THE BOOSTER COMES AS A PACKAGE OF SMART PRODUCTS COMBINED:

- 0.75L / 25 oz aluminum reinforced water bottle
- Booster head
- Bottle cap to turn the Booster into a water bottle
- Transportation pouch for head/bottle cap

# NO MESS & NO AIR LOSS EVEN WITHOUT THE VALVE CORE

milKit patented tubeless valve system is quick and easy to use:

## EASY

Refill sealant through the valve - tire stays inflated without the valve core

## QUICK

No need to dismount tires to check if sealant is needed

## CLEAN

Tires are mounted dry and the valve design prevents clogging

- Smart rubber flaps ensure no air is lost when the valve core is removed and sealant does not block the valves
- Use the syringe to easily check if enough sealant remains in your tire
- The syringe accurately measures the amount of sealant needed
- No more mess as tires can be installed dry and sealant added afterwards through the valve
- Kit contains measuring & refilling syringe, valves, and valve core removal tool

## THE MILKIT VALVE SYSTEM IS AVAILABLE IN THE FOLLOWING PRODUCT VERSIONS:

- Compact Kit 35 mm / 1.38 in
- Compact Kit 45 mm / 1.77 in
- Compact Kit 55 mm / 2.17 in
- Compact Kit 75 mm / 2.95 in

- Valve Pack 35 mm / 1.38 in
- Valve Pack 45 mm / 1.77 in
- Valve Pack 55 mm / 2.17 in
- Valve Pack 75 mm / 2.95 in

# MICROFIBERS AND SYNTHETIC LATEX MAKE A SUPERIOR PERFORMING PRODUCT

milKit sealant coats the tire more evenly for effective sealing of punctures and long lasting results

**mountain  
BIKE**

Test Result

Issue 12/2020

**TEST WINNER**

**OUTSTANDING**

milKit  
Tubeless Sealant

## EFFECTIVE

Microfibers coat tires more evenly than other products and seal larger holes

## DURABLE

Stays functional longer than other sealants

## ENVIRONMENTALLY FRIENDLY

No ammonia or chemically aggressive ingredients

- Seals tears and holes up to 6mm
- Stays homogenous - no need to shake it up
- Lasts for years in the bottle
- Synthetic latex means no ammonia or chemically aggressive ingredients, so no horrible smell or damage to rims and tires
- Non-allergenic, non-hazardous & washable
- Works from -20 to +50° C / -4 - 122° F
- CO2 compatible
- Works well at high pressure so is suitable for gravel and road tires and well as MTB

## THE MILKIT TUBELESS SEALANT IS AVAILABLE IN THE FOLLOWING PRODUCT VERSIONS:

- 60 ml / 2 oz tubeless sealant bottle
- 125 ml / 4 oz tubeless sealant bottle
- 250 ml / 8 oz tubeless sealant bottle
- 500 ml / 17 oz tubeless sealant bottle
- 1000 ml / 34 oz tubeless sealant bottle
- 5L / 169 oz workshop sealant canister

# YOUR STRONG AND RELIABLE TUBELESS RIM TAPE

milKit rim tape offers quick and easy conversion of your rim to tubeless and guarantees a reliable and long-lasting performance

## STRONG

Strongest material available

## RELIABLE

Proven to be long lasting and temperature proof

## EASY

Good balance of strength and flex for easy installation

- Available in the five most popular widths – covering most rim sizes
- Extra strong and reliable adhesive to ensure a tight fit on your rim
- Optimum mix of strength and flex for easy mounting
- 10m/11yd rolls – sufficient to set up 4-5 wheels

## THE MILKIT TUBELESS RIM TAPE IS AVAILABLE IN THE FOLLOWING PRODUCT VERSIONS:

### 10m/11yd roll of tubeless rim tape:

- 21 mm / 0.82 in;
- 25mm / 1.00 in;
- 29 mm / 1.14 in;
- 32 mm / 1.26 in;
- 35 mm / 1.38 in.

# USE MILKIT TO CONVERT TO TUBELESS WITHOUT THE MESS AND COMPLICATIONS OF OTHER SYSTEMS

Using the full milKit range ensures the most reliable puncture protection and that you enjoy more time on your bike!

## THE FULL PACKAGE

Everything you need to convert to tubeless

## CLEAN & EASY

The simplest solution for tubeless set up and maintenance

## RELIABLE

Effective long lasting puncture protection

- The milKit syringe and valve system means tires can be mounted dry and sealant added after – no mess and faster results
- milKit valves do not clog like others, thanks to the smart rubber flaps
- milKit sealant is ammonia-free and therefore non-corrosive and environmentally friendly
- milKit sealant coats the tire evenly so is more effective and the microfibers seal larger hole
- milKit sealant stays liquid and does not decompose into lumps so remains effective longer
- Engineered in Switzerland and made in Germany

## THE MILKIT TUBELESS CONVERSION KIT CONTAINS ALL YOU NEED TO CONVERT YOUR BIKE TO TUBELESS:

- Sealant bottle 250ml/8oz
- Compact syringe system
- 45mm tubeless valves
- 10m tubeless rim tape:
  - 21 mm / 0.82 in;    -25 mm / 1.0 in;    -29 mm / 1.14 in;
  - 32 mm / 1.26 in;    -35 mm / 1.38 in.
- Additional needle for syringe filling
- Valve core tool
